RESTORATIVE NURSING

1 CEU for Administrators & Nurses

MANAGEMENT OF URINARY INCONTINENCE

1 CEU for Administrators & Nurses

April 30, 2012

Any continuing education approved by BENHA can be accepted by the Ohio Board of Nursing in the State of Ohio.

Nurses may use this continuing education to meet their licensure requirements. Please refer to Board of Nursing Continuing Education rules 4723-14-01 through 4723-14-19.

SESSION 1

8:30-8:45 Registration

8:45-10:00 FALLS MANAGEMENT

To propose ideas for investigation and prevention of falls through development of a facility-wide Falls Management Program.

Activity Objectives:

- Identify risk factors for resident falls.
- Describe the process of falls investigation.
- Identify interventions to prevent falls

SESSION 2

9:45 – 10:00 Registration

10:00 – 11:15 RESTORATIVE NURSING

This program identifies the benefits of a restorative program to residents and the facility and identifies ways that restorative/rehabilitative programs can be administered in accordance with Federal Long Term Care Requirements.

SESSION 3

11:00 – 11:15 Registration

11:15 -12:15 MANAGEMENT OF URINARY INCONTINENCE

Offers ideas for assessment of incontinence and assigning of behavioral interventions from the assessment.

Kathryn Costa, RN, BSN, MSA, is a noted educator specializing on nursing topics related to nurse management and resident care issues. Kathryn received her Masters of Science in Administration Health Services Administration from Central Michigan University, Mount Pleasant, MI, and her Bachelor of Science in Nursing from University of Akron, Akron, Ohio. Ms. Costa currently works with the Ohio Department of Health as an educator for their Technical Assistant Program.
