for Healthcare Education**

Sponsored by:

Center for Applied  
Research in Dementia  
Creating effective memory interventions

**CEUs Available:  
BENHA, Activities, Social Work, Nursing (6-12)**

## Course Description

Montessori-Based Dementia Programming® (MBDP) is an innovative method of working with older adults living with cognitive and/or physical impairments based on the method and philosophy of famed educator Maria Montessori. MBDP has been researched for over 14 years by Dr. Cameron Camp and his colleagues. It has been shown to increase levels of engagement and participation in activities of persons with dementia. Participants in this course will learn the basic principles of MBDP, along with how to adapt this programming to fit the needs of their clients and facilities.

Participants may choose to attend only the first day for an overview of MBDP or both days for a comprehensive, hands-on learning experience in using and adapting MBDP to specific clients, activities and environments. ***Seminar attendance is a prerequisite for attending the workshop.***

**Cameron J. Camp, Ph.D.** is a noted psychologist specializing in applied research. He is Owner and Director of Research of the Center for Applied Research in Dementia, Solon, Ohio. Previously he served as Director of Research and Product Development for Hearthstone Alzheimer Care, and Director of the Myers Research Institute of the Menorah Park Center for Senior Living. Dr. Camp gives workshops on designing cognitive and behavioral interventions for dementia internationally. Dr. Camp received his doctorate in experimental psychology from the University of Houston in 1979. For 16 years he served in academic settings, teaching coursework in adult development and aging and rising to the position of Research Professor of Psychology. He has co-authored three college textbooks and published over 100 articles in journals. He is a Fellow of the Gerontological Society of America, a Fellow of the American Psychological Association, a Charter Member of the Association for Psychological Science, and currently serves as president of Division 20 (Adult Development and Aging) of the American Psychological Association. His research has been funded by grants from the National Institute on Aging, and the National Institute of Mental Health, and the national Alzheimer's Association.

## Intended Audience

Activities Professionals, Social Workers, Occupational Therapists, Nursing Home Administrators. We recommend professionals who work in direct care with clients to attend both Day One and Day Two of the course. The Day One Only option is recommended for administrators, supervisors, marketing directors, social workers, directors or nursing, etc., who would benefit from an overview of MBDP but will not be directly implementing it with clients.

## Continuing Education

- Nursing
- Administrators
- Activities Professionals
- Social Work
- (6 Hours Per Day)

**Conclusion**

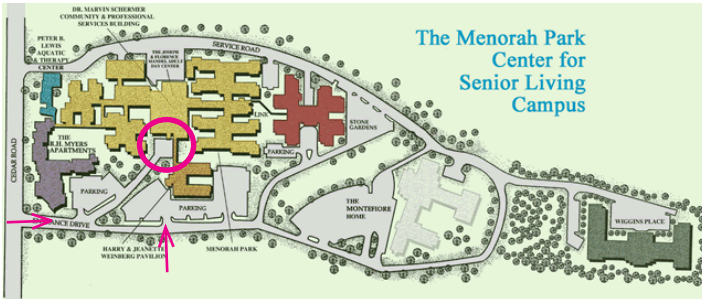

# Event Location

**Menorah Park Center for Senior Living**  
**27100 Cedar Road**  
**Beachwood, Ohio 44122**

25 Miles from Cleveland Hopkins International Airport.

Enter the Menorah Park Campus at David Myers Parkway. The main visitor parking lot is on the left past the Myers Apartment building. Follow the stairs or use the elevator (located in the Weinberg Pavilion) to reach the main Menorah Park entrance. The Auditorium will be to the right of the main lobby.

**PLEASE NOTE:** Registration deadline is 3 business days prior to the program. Payment must be made in full prior to attending course. There will be a \$25 processing fee for all cancellations. No refunds will be given after registration deadline. Substitution of participants is permitted. Also, please note that The Institute for Healthcare Education is located within Menorah Park Center for Senior Living. Menorah Park is a kosher, Jewish facility. Your cooperation is requested in the observance of dietary laws, which require that no food or beverage be brought into the building. Thank you.

# Program Fee

**\$250 (Seminar, April 17 Only)**

**\$500 (Seminar and Workshop, April 17 & 18)**

Continental breakfast, lunch and refreshments will be provided both days. All participants will receive a program workbook and a free DVD about how to have a better visit with a person who has a memory impairment. Workshop participants will also receive a free book.
